HOW CLEAN DO YOUR RECYCLABLES NEED TO BE?

Recycling standards are getting stricter. The market is requiring high-quality materials. Bottles and containers need to be empty of food and liquid. Paper needs to be clean and dry. Follow the steps below:

POUR OUT LIQUIDS

SCRAPE OUT FOOD FROM RECYCLABLES

WIPE OUT OILY OR STICKY RESIDUE FROM RECYCLABLES

GREASY, GRIMY, GOOEY, WET, OR FOOD-SOILED PAPER GOES IN YOUR COMPOST CART

WINDSOR ONLY

In Windsor, your recyclable materials must be separated. Put metal, glass, and plastic containers on the blue side and put cardboard and paper on the yellow side. Place shredded paper in a paper bag inside the yellow side.

TIP: KEEP CAPS ON

It is preferable to leave screw-top lids on empty plastic, glass, and metal containers. If lids are removed from the container, they are too small to be recycled.
