## HOW CLEAN DO YOUR RECYCLABLES NEED TO BE?

Recyclables are economic commodities. Cleaner items are more likely to be recycled. Bottles and containers need to be empty of food and liquid. Paper needs to be clean and dry. Follow the steps below:

### POUR OUT LIQUIDS

### SCRAPE OUT FOOD FROM RECYCLABLES

### WIPE OUT STICKY OR OILY RESIDUE FROM RECYCLABLES

### GREASY, GOOEY, WET, OR FOOD-SOILED PAPER GOES IN YOUR COMPOST CART

## WINDSOR ONLY

In Windsor, your recyclable materials must be separated. Put metal, glass, and plastic containers on the blue side and put cardboard and paper on the yellow side. Place shredded paper in a paper bag inside the yellow side.

## TIP: KEEP CAPS ON

It is preferable to leave screw-top lids on empty plastic, glass, and metal containers. If lids are removed from the container, they are too small to be recycled.
