### Disposal Rate Calculation

#### Definition of Terms

**Reporting-Year Disposal Amount (tons)** – defaults to the total tonnage disposed in the Reporting-Year by a jurisdiction as reported to the Disposal Reporting System (DRS). Disposal contains all jurisdiction waste that was disposed in CA landfills, transformation facilities, and exported out-of-state. Any changes will require you submit a Reporting Year Disposal Modification Certification Sheet (PDF). See User's Guide or contact LAMD representative if uncertain.

**Disposal Reduction Credits** - the EAR calculator will subtract these credits from your requested total in the Reporting-Year Disposal Amount field. Requesting credits will require you submit a Reporting Year Disposal Modification Certification Sheet (PDF). Descriptions of these credits can be found on that sheet. See EAR User's Guide or contact LAMD representative if uncertain.

**Reporting-Year Transformation Waste (tons)** – defaults to the total tonnage of waste sent in the Reporting-Year by a jurisdiction to a CalRecycle-permitted transformation facility as reported to the Disposal Reporting System (DRS). Transformation is factored into the Per Capita rate only, and is not deductible. To eliminate the Per Capita credit for transformation tonnage, change the Reporting-Year Transformation Waste (tons) number to 0.00.

**Reporting-Year Population** – January 1st estimate of the number of inhabitants occupying a jurisdiction in the Reporting-Year as prepared by the California Department of Finance (DOF)

**Reporting-Year Employment** – the estimate of the annual average number of employees by jurisdiction in the Reporting-Year as prepared by the California Employment Development Department (EDD).

**Additional Definitions** - for additional definitions and/or acronym descriptions, see the LGCentral Glossary.

### Calculation Factors

If either **1. Alternative disposal** or **2. Deductions to DRS boxes are checked**, please complete, and sign the [Reporting Year Disposal Modification Certification Sheet \(PDF\)](#) and save to your computer. You may enter the data and save the Disposal Modification Form to your computer. Then either upload the sheet and supporting documentation using the [Document Upload Section](#) before submitting your report, or mail, e-mail or FAX to CalRecycle within 7 business days of submitting your report. If you are only claiming report-year disposal deductions for waste transported to a certified Transformation facility, you do not need to fill out the certification request.

- 1. Alternative disposal tonnage
- 2. Deductions to DRS disposal tonnage

Although you will be able to submit your electronic Annual Report without completing a disposal modification form, your Annual Report will not be deemed complete until it is completed and received by CalRecycle. Contact your [LAMD representative](#) for details.

**SRRE and HHWE Diversion Programs**

	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

**Jurisdiction Notes:**  
UCCE continues to manage the existing Backyard Composting Program for the SCWMA. Additionally in 2016, the SCWMA hired UCCE to implement "How to Compost/Vermicompost" workshops throughout Sonoma County.

**1030-SR-PMT (Procurement)**

Current Status: SO - Selected and Ongoing	Program Start Year: 1994	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes

**Jurisdiction Notes:**  
No change from previous year.

**1050-SR-GOV (Government Source Reduction Programs)**

Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

**Jurisdiction Notes:**  
In addition to home composting workshops described, the SCWMA's theme for fairs and tabling outreach events is "Food, Too Good to Waste". Signage is included to promote not overbuying food, using purchased food before it goes bad, information about food expiration dates, and composting food over landfilling it.

**1060-SR-MTE (Material Exchange, Thrift Shops)**

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: Yes

**Jurisdiction Notes:**  
No change from previous year.

**2000-RC-CRB (Residential Curbside)**

Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: Yes
---	--------------------------	--------------------------

**Annual Report Summary: Sonoma County Waste Management Agency ( 2015)**

	Report Year Diversion Tons: 42506.82	Selected in SRRE: Yes
		Owned or Operated: Yes
<b>Selected Program Details:</b> Single-family residences   Multi-family residences   Commingled (Single-stream)   Uncoated corrugated cardboard and paper bags   Office paper (white & colored ledger, computer paper, other office paper)   Metal   Plastic 1-2   Plastic 3-7   Newspaper   Miscellaneous paper (includes phone books, catalogs, magazines and other paper)   Glass   Film Plastic		
<b>Jurisdiction Notes:</b> Sonoma Garbage Collectors accepts film plastic and shredded paper (City of Sonoma), but the rest of the County no longer receives those recycling services through the Ratto Group. The restrictions are a result of declining commodity markets, and the Ratto Group's permitting difficulties with their MRFs in Santa Rosa.		
<b>2010-RC-DRP (Residential Drop-Off)</b>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<b>Jurisdiction Notes:</b> No changes from previous year.		
<b>2020-RC-BYB (Residential Buy-Back)</b>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
<b>Jurisdiction Notes:</b> The number of buy back centers in Sonoma County was stable in 2015, but since January 31, 2016, the number of buy back centers has plummeted. There are very few centers where customers can redeem CRV purchases, mostly concentrated in populations centers like Santa Rosa, Windsor, Rohnert Park, and Petaluma. The SCWMA has received numerous complaints on the inconvenience redeeming CRV containers.		
<b>2030-RC-OSP (Commercial On-Site Pickup)</b>		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 52520.56	Selected in SRRE: Yes
		Owned or Operated: No
<b>Selected Program Details:</b> Large Generators (4.0 cy/week)   Multi-family residences   Commingled (Single-stream)   Uncoated corrugated cardboard and paper bags   Office paper (white & colored ledger, computer paper, other office paper)   Metal   Plastic 1-2   Plastic 3-7   Newspaper   Miscellaneous paper (includes phone books, catalogs, magazines and other paper)   Glass   Film Plastic		
<b>Jurisdiction Notes:</b> Similar to the residential curbside program, there are restrictions in Ratto Group territories for film plastic and shredded paper to be collected curbside. Republic Services will be building a dirty MRF at the Central Disposal Site in 2016/17 which will process commercial loads, with the expectation of diverting additional material. There was staffing turnover in 2015 in the MCR program, though 16 businesses, 13 schools, and 8 multifamily complexes visited in late 2015. 704 Recycling guides, 66 recycling posters, 71 desk side recycling containers, and 47 large recycling containers were distributed. The MCR webpage is <a href="http://www.recyclenow.org/business/commercial.asp">http://www.recyclenow.org/business/commercial.asp</a> , and a dedicated email address for this program is <a href="mailto:recycling@sonoma-county.org">recycling@sonoma-county.org</a> .

**Annual Report Summary: Sonoma County Waste Management Agency ( 2015)**

**Jurisdiction Notes:**  
13 schools were visited through the MCR program in 2015. More details of that program are included in Commercial On-Site Pickup (2030-RC-OSP).

		Owned or Operated: Yes

**Selected Program Details:**  
Single-family residences | Multi-family residences | Green Waste | Food Waste | Food-Soiled Paper Waste

**Jurisdiction Notes:**  
The SCWMA's compost facility closed on October 15, 2015. Collected greenwaste, food waste, and soiled paper products are currently hauled to compost facilities outside of Sonoma County (Cold Creek Compost, Hay Road, Redwood Landfill, and Napa Recycling), while longer term solutions are explored.

**3010-CM-RSG (Residential Self-haul Greenwaste)**

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

**Jurisdiction Notes:**  
As a result of increased tipping fees, SCWMA staff expects that some self-hauled material is no longer being delivered to the County's transfer stations and is instead going to small composting facilities like Grab N' Grow. The remaining self-hauled material is hauled to out-of-county facilities with the curbside collected green waste.
